Technical Support

Publication

Submitted papers will be peer reviewed by conference committees, and accepted papers after registration and presentation will be published in International Conference Proceedings, which will be submitted to EI Compendex, Scopus, etc. for indexing.

Extended papers will be recommended to Journal of Software for publication after peer review, which will be indexed by DBLP, EBSCO, Inspec, CNKI, etc.

If you're NOT expecting any publication of your paper, it's acceptable to submit just your abstract to the conference for oral presentation, which will be sent to at least two technical committees for a brief review, and it will take about 10 working days.

Submission Guidelines

Prospective authors are invited to submit high-quality manuscripts written in English. The submission of a paper implies that the paper is original and has not been submitted to elsewhere for possible publication. All submissions will be peer-reviewed by experts in the field based on originality, significance, quality and clarity.

Please submit your full paper/abstract via Microsoft Submission System using the following link:
https://cmt3.research.microsoft.com/ICSCT2022

Important Dates

Submission Deadline: November 15, 2021
Notification Date: December 10, 2021
Registration Deadline: December 30, 2021
Conference Dates: April 2-4, 2022

Call for Papers

Communication Systems and Networks
Component-Based Software Engineering
Computer & Software Engineering
Computer Animation and Design Contents
Computer supported cooperative work
Empirical software engineering
End user software engineering
Engineering of distributed/parallel SW systems
Engineering of embedded and real-time software
Human-Computer Interaction
Mobile/Wireless Computing
Parallel and Distributed Computing
Safety and Security Critical Software
Software Agent Technology
Software architecture and design
Software economics and metrics
Software policy and ethics
Software Process Models
Web Engineering, Web-Based Applications
